MAD POLICY

Special emergency issue number 15 - 1

Dated Thursday June 7th 1973

I had better start with a word of explanation:

There we were in our hotel in Tunisia, two days of the holiday to go and me representing my country against the Dutch at volleyball. The score was one set all and England were leading 7-1 in the final set when a high cross came over on my right. I threw myself at the ball, made contact, and CRACK!!!
The result? We won the match and I broke a finger.

What it all boils down to is that I can't type or print until the bones knit - which could be anything from 2 to 6 weeks - so I'm sending everyone this note to explain what's going on. The games will continue in a drastically reduced form: - moves, builds and retreats only; no press at all; and you'll only receive the reports of the games you are actually playing in. I'm sorry, but under the circumstances it's about the best I can manage.

One more thing; in all fairness I can't really charge anyone for this, so regular subscribers will be paying postage only.

And just to complicate matters even more, we've a new game to start.

AUSTRIA is Graham Winton, 60 Netherby Park, Weybridge, Surrey, KT13 0AG.
ENGLAND is John Lattice, 69 Craigie Drive, Dundee, Scotland.
FRANCE is Geoff Coker, 42 Lancaster Street, Barnsley, Yorkshire, S70 6EW.
GERMANY is Mike Sherrad, 136 Newton Road, Burton-on-Trent, Staffordshire
ITALY is Terry Knowles, 508 Oakwood Drive, Pickering, Ontario, Canada.
RUSSIA is John Meadon, 10 High View, 31 Avenue Elmers, Surbiton, Surrey.
TURKEY is Will Haven, 30 Plungington Road, Preston, Lancashire.

So this will be MP 'G' game until Conrad gives it a Boardman number. Please Conrad? Best of luck.

The next deadline, for all games, is FRIDAY, JUNE 29, 1973

by which time, I hope, things will be back to normal. See you then.

Duncan Morris's forwarding address is now; 21 Altair Way, RAF, Northwood, Middlesex. But he's going to be on a North Sea oil rig for some of the time and thinks it's possible that the mail won't get through, so just to be on the safe side would Graham Winton please send standby orders for France?

And I'd like to thank Duncan for for-warning me in this way: it's thoughtful actions like that that makes my job a lot easier and keeps the game running efficiently.
